

## CONTENTS

On the existence of limit cycle of circuits containing one Esaki Diode YŪKITI SATŌ .....	1
On Rodrigues' formulae for a generalized hypergeometric polynomial and their applications MANILAL SHAH.....	19
On the recursively restricted rules TADAHIRO UESU.....	31
On recursive restriction of proof in a system with constructive infinitely long expressions TAKEMASA OHYA .....	43
Integrally closed integral domains TAKEO NAKANO .....	53
On the asymptotic behavior of solutions of a system of linear ordinary differential equations KATSUHIRO CHIBA and TOSHIHARU KIMURA .....	61
